Tomas Palider

Backend developer

- 🎂 25 July 1993 *(25 years)*
- 📇 tomas.palider.cz
- ✉️ tomas@palider.cz

Skills

PHP
Nette, Latte, CodeIgniter, REST, SOAP

Node.JS
Express, npm, modules, building REST API

Javascript
jQuery, AJAX, using REST API

SQL
MySQL, MariaDB, Oracle Database, MS SQL, MongoDB, database design, procedures, optimalization

HTML, CSS
Bootstrap, Foundation, responsive design, CSS sprites, CSS selectors

Other
GIT, SVN, HTTP, JSON, OOP, Code review, BASH

Languages

Czech (native)

English (FCE course)

About me

I'm a tech enthusiast from the Ostrava region who moved to Prague to study right after high school.

My area of interest is web technologies focused on backend languages like PHP or Node.js. In my free time, I work on several small projects which are constantly pushing my knowledge straight up. I'm focusing on good readability and universal solutions instead of some MacGyvering, to be proud of my commits.

When away from the keyboard, my love is playing location-based game Ingress, which is keeping me walking outside around cities all over the world. I also enjoy escape-rooms and solving ciphers and puzzles.

Experience

2017 - now	**PHP Developer**	**StringData s. r. o.**
	Development and administration of large scale banking applications. PHP (Nette), Oracle SQL, MSSQL, communicating with clients.	
2015 - 2017	**PHP Developer**	**CTECH s. r. o.**
	Development of real-estate management tool. PHP (Nette), HTML, CSS, Javascript, Node.js	
2014 - 2015	**PHP Developer**	**Casablanca s. r. o.**
	Developing tools for real-time processing of CCTV data. PHP (CodeIgniter), HTML, CSS, Javascript	
2012	**Internship**	**Atlas Consulting s. r. o.**
	Networking, collecting data, visualisations and working with OCR software	

Education

2014 - 2015	**University**	**University of Economics, Prague**
	Faculty of Informatics and Statistics, Applied Informatics	
2013 - 2014	**University**	**Czech Technical University in Prague**
	Faculty of Information Technology, Informatics	
2009 - 2013	**High school**	**Business academy with focus on IT, Orlová**
	Matura exam in Physics, Informatics, English and Czech language
